

Simplifying Payment Processing with Blackbaud Merchant Services™

Blackbaud Merchant Services makes payment processing simple, secure, and affordable.

Receive disbursements every business day* and save time with pre-reconciled bank deposits, automatic credit card updates, robust fraud management tools, and reduced PCI compliance. With OneRATE™, you will eliminate hidden fees and pay the same low rate for all transactions and card types.

Learn how it works.

Blackbaud Merchant Services is both a credit card gateway and processor, so you don't have to manage multiple vendors. Instead, you'll benefit from the convenience and protection that comes from working with a single provider. You'll also have unlimited 24/7 access to a secure, online portal where you can see your transactions in real time, process reconciliations, run or export reports, and accept credit card payments at offsite events.

Disbursements are already reconciled before they're deposited, taking the guesswork out of tracking individual transactions.

Make payments on the go.

Blackbaud MobilePay Terminal™ lets your organization process donations and payments safely and securely with only a few simple steps—even at an offsite event or away from the office.

Our new, EMV-certified Bluetooth payment terminal connects to any phone or tablet via the Blackbaud MobilePay Terminal app, and simply and securely accepts credit card, debit card, and even mobile wallet transactions. Plus, Blackbaud MobilePay Terminal integrates seamlessly with Blackbaud Merchant Services—so you pay the same low rate on every transaction, regardless of the credit card type, with no set-up fees, hidden fees, or mobile processing expenses.

Tired of the time-consuming process of reconciling credit card transactions with your bank statements? Frustrated by separate American Express® statements and deposits? Confused by different rates and fees on your bill?

Save time and money every month with Blackbaud Merchant Services. For help getting started, review our [Quick Start Checklist](#).

[Learn more](#)

* Available to customers processing in U.S., Canadian, and Australian dollars

Minimize disruptions in recurring gifts.

Blackbaud Merchant Services keeps credit card data current in Blackbaud Altru®, Blackbaud CRM™, Blackbaud Raiser's Edge NXT®, Raiser's Edge®, and Blackbaud Luminate Online.

Using Credit Card Updater, you can minimize declined transactions and avoid disruptions in regular giving. Each month, Visa®, MasterCard®, Discover®, and American Express credit cards from participating U.S. and Canadian banks are analyzed and updated with current credit card data.

Keep data safe and secure.

Blackbaud Merchant Services is a PCI-compliant solution. It features the Blackbaud Vault, which encrypts sensitive information and keeps your constituents' credit card data secure by removing all of the risks associated with storing card information. Blackbaud Merchant Services also provides comprehensive screening for online payment card fraud. In addition, with point-to-point encryption (P2PE), you can dramatically lessen your PCI scope and save significant time on PCI audits.

BLACKBAUD MERCHANT SERVICES PROVIDES:

- Integration with Blackbaud solutions
- No long-term contract
- Daily disbursements*
- No hidden fees and same rate for all transactions—even American Express
- Support for ACH (direct debit) transactions
- Easier reconciliation
- Mobile payment processing
- Automatic updates for recurring credit card gifts
- Simplified PCI compliance
- Robust fraud management
- Point-to-point encryption
- End-to-end support

*Customers processing in U.S., Canadian, and Australian dollars
