

# Blackbaud Grantmaking™

## Grant Management Software for Foundations

Your foundation provides critical funding that supports life changing initiatives. But if you're processing grant applications by hand or relying on multiple disconnected systems to deliver that funding to the individuals and organizations that rely on your support, then it puts your mission at risk.

Blackbaud Grantmaking powers modern grantmaking by delivering in-depth reporting, configurable workflows, and tools for seamless collaboration to ensure that you're empowered to achieve the greatest philanthropic impact.

### Powerful, Purpose-Built Grant Management

With Blackbaud Grantmaking, you can efficiently manage your entire grant cycle—from accepting online applications to assessing and communicating outcomes—all in one purpose-built solution that's intuitive, scalable, and secure.

Blackbaud Grantmaking allows you to:

- Define unique workflows for each of your giving programs and delegate associated tasks to specific staff members
- Allocate funds, create payment schedules, and view real-time budget, commitment, balance, and payment data
- Inform operational decision making with the ability to track and analyze virtually any aspect of your giving using graphical, personalized dashboards and actionable, in-depth reporting
- Foster a positive experience for your grantee partners with a completely paperless, online application process and a user-friendly portal for managing all of their grant requirements and correspondences

### Key Benefits

- ✓ Comprehensive and feature-rich grant management solution with customizable workflows for your unique business processes
- ✓ Mobile-friendly, intuitive portals for seamless collaboration with your reviewers and grantee partners
- ✓ Powerful reporting capabilities that easily and securely connect with industry-leading analytics tools to deliver deep business insights needed to inform decision making
- ✓ Unmatched outcomes tracking, assessment, and reporting allow you and your grantee partners to measure and communicate shared results

- Streamline the evaluation process by giving reviewers online access to manage their assigned applications and correspond with peers and foundation staff members in real time
- Achieve a new level of transparency and support your board's ability to make informed decisions and tell a compelling mission narrative

## Greater Visibility Into Your Philanthropic Impact

Blackbaud Grantmaking delivers unparalleled capabilities for tracking, analyzing, and communicating the impact of philanthropic giving. With Blackbaud Outcomes™, you and your grantee partners can collaborate around shared goals, outcomes, and expectations in a single, unified experience.

Benefit from a pre-configured taxonomy mapped to the UN Sustainable Development Goals (SDGs) or define custom measures based on the outcomes that are important to your foundation. And monitor progress toward your goals with reporting and dashboards—anytime, anywhere, and from any device.

## A Proven Partner

For nearly 40 years, we've been dedicated to delivering innovative solutions and unmatched expertise that empower social good organizations to achieve their missions and drive the greatest impact. Whether you're implementing and adopting new software or planning for sustainable growth, we're committed to partnering with you to achieve your business objectives. From services to training to support, our team of experts is here to help accelerate the success of your organization.

“The committee is completely engaged and hyper-focused on being able to pull stats to make more informed decisions on how to engage constituents. Before, if our committee asked for information, it would take a week and would require hiring consultants. Now the turnaround for information is almost instantaneous.”
