

YourCause CSRConnect

Powering Employee Giving & Volunteering

Part of Blackbaud, YourCause CSRconnect is a platform that helps 500+ organizations power employee engagement in their social good initiatives. The CSRconnect platform offers a suite of management and engagement tools designed to increase employee participation in giving and volunteering efforts, while also making administering those programs easier. While there are many features available within CSRconnect, organizations can implement the functionality that makes the most sense for their programs.

We love working with YourCause! From the initial information-gathering phone call to today, we could not be happier with our YourCause experience. We receive top-notch customer service, appreciate the constant communication with our account manager, and are so thankful for the value-add provided by the platform. I also admire YourCause for its constant innovation, visionary thinking, and overarching desire to make this world a better place

The **Giving Manager** allows your workforce to easily engage with your employee giving programs and monitor their donations and matches through their My Giving dashboard. Employees can give through different methods including credit card, payroll, and recording offline donations. Nonprofits available for employees to give to within the platform can be limited to your own internal foundation, your preferred charity partners, or our entire database of vetted nonprofits. Additionally, you can turn off Giving capabilities outside of your designated employee giving campaign timeframe or leave Giving open all year.

The **Volunteer Manager** provides comprehensive and configurable features to manage and encourage participation in volunteer programs. Users can quickly find and register for local, virtual, and skills-based volunteer events through an intuitive and interactive event search feature. You can reward volunteerism with incentives like volunteer grants and awarding extra paid time off based on volunteer participation thresholds.

Beyond the Basics - CSRconnect is built to engage your workforce beyond just giving and volunteering. The tool can be used to promote your organization's work around Health & Wellness, engage employees in Diversity & Inclusion Groups and ESG initiatives, and share stories and photos with you about their participation in your social good programs.

We also offer a **Segmentation** feature that allows you to curate the platform based on where an employee is located or which branch of your organization they work for. You can adjust the look and feel, functionality available, and even run specific giving campaigns in different segments of your platform.

Gamify your employee giving campaign. Using Engagement Elements, you can showcase giving totals by location and department, and get employees excited about progress towards your participation and fundraising goals. You can also set up participation levels that will recognize employees who meet certain giving thresholds.

About Offline Donations

This is where custom text can be added about offline donations.

Donation amount required to reach Silver: 310 USD [View Details](#)

Do it all with better data. CSRconnect offers a suite of reporting tools to help you access and understand the data you need to drive decisions and tell your story. Our Ad-Hoc Reporting Manager, powered by Tableau, provides licensed administrators with powerful tools to measure KPIs and impact across all your programs. Additionally, the Ad-Hoc Reporting Manager's drag-and-drop report builder allows near-endless reporting possibilities in an easy-to-use interface. reports provide comprehensive giving and volunteering data and include reports for various engagement features.

In addition to Ad-Hoc and Standard reports, clients have access to Insights Dashboards and Data Feeds. Today, we support three dashboards for employee engagement- Organization Insights, Usage Analytics, and Campaign Tracker.

We are fortunate to partner with incredible healthcare organizations to power employee engagement in their social good programs
