With this milestone comes many alumni engagement and fundraising events, which are made easier with help from Raiser’s Edge NXT.

What difference has Raiser’s Edge NXT made to your school?

“Raiser’s Edge NXT is brilliant. The user interface is very visually appealing and intuitive, and we find it considerably easier to use than previous systems. The improvements in the user interface allow for increased engagement and a much greater level of efficiency for our staff. We are saving time both in and out of the office.”

What is your favourite feature of Raiser's Edge NXT?

"The Lifetime Giving function is superb. The ability to quickly see how much a constituent has donated and to which funds the donation has been allocated has been a significant step forward for us.

"A large part of my job involves travelling within the UK and internationally to meet with major donors. Being able to quickly view constituent profiles and access their giving history on my phone or tablet has been excellent. It looks far more professional in meetings to be able to show donors on screen exactly what they have given so far and how their donations have been used."

"It's like having an extra person in the office."

— Julie Wright,
Development Administrator
